DESC: Follow-On MILES 2000 TESS Contract Market Survey. The U.

S. Army Simulation, Training and Instrumentation Command (STRICOM)
is continuing to conduct a market survey concerning the availability
of non-developmental training devices for live force-on-force
training capability. This includes training devices for individuals,
vehicles, and anti-armor weapons whose designs are based on
Multiple Integrated Laser Engagement System (MILES). STRICOM
intends to host Follow-On MILES 2000 TESS Industry Days at
Yuma Proving Grounds, AZ during April 2000. Interested parties
are invited to participate in an operational demonstration
of MILES-type systems during this period. Companies who participate
in this demonstration shall do so at no expense to the Government.
Interested parties should contact Mr. Michael K. Minor at (407)380-4096
not later than five days after the date of this announcement.
The information provided above is for planning purposes only
and does not constitute a Request for Proposal. Participants
in the demonstration will not be notified of the Government's
evaluation of the same.
